

## A/V Technology by Room

### **Auditorium (seats up to 300):**

- Smart Podium – computer, projector w/ audio, screen, gooseneck microphone, laptop input
- Wireless microphones – (4) handheld, (8) lavalier; can support up to any combination of 8 microphones at one time \*
- A/V Support Tech \* is optional but recommended for programs in the auditorium especially when using wireless microphones or showing multiple PowerPoint or video presentations (\$30 hour/2 hour min).
- Panopto – a lecture capture recording and broadcast which streams a picture-in-picture feed of the camera footage, audio and video from the podium PC, and audio from the podium microphone. The broadcast is viewable online or can be downloaded. An AV Support Tech \* is optional but recommended for non-affiliated groups or those unfamiliar with this technology.

### **Lecture Hall (seats up to 100):**

- Smart Podium – computer, projector w/ audio, screen, gooseneck microphone, laptop input
- Wireless microphones – can support up to 2 wireless microphones at one time \*
- Panopto currently not available.

### **Atrium & Mezzanine (75-150 capacity depending upon format):**

- Wireless microphones – up to 2 wireless microphones \*
- Mixer w/ audio inputs- bring your own MP3 or iPod to play music
- Mobile wood podium \*
- No projector or screen in the atrium/mezzanine; we strongly discourage bringing in your own projector as the atrium is too bright for projections to be easily seen.
- Mobile plasma screens (sound only from these, not through atrium sound system) \*

### **Computer Classrooms (seats up to 57):**

- Smart Podium – computer, projector w/ audio, screen, gooseneck microphone, laptop input
- 57 individual monitors with PC capability (Computer Classrooms Software List)

### **Classrooms (seats 18-60 depending upon room):**

- Smart Podium – computer, projector w/ audio, screen, gooseneck microphone, laptop input

### **Conference Rooms 303 & 1106:**

- 42" Plasma monitor with VGA & Audio Hookup- you must bring your own laptop
- Teleconference phone

### **Conference Room 456:**

- Mobile plasma monitor by request only\*

**Lobby, Terrace & Garden:** No A/V, may be rented through outside vendor

### **Other:**

- Mobile plasma monitors (2)- 42" screens with MS Office and Internet capability \*
- Teleconference Phones (2) – these phones support up to 2 inbound callers \*

\* Must be requested 2 weeks in advance
